## Migrant Education Program

To impact teaching and learning in K-12 Classrooms so that migratory students achieve high academic success.

### Program Description

The Migrant Education Program (MEP) is a federally funded, state-operated program under the Elementary and Secondary Education Act (ESEA) that provides supplemental program services to the children, ages 3 through 21, of seasonal or temporary agricultural workers.

In Arizona, the program delivers services primarily through local educational agencies (LEAS) that design programs to meet the unserved needs of migratory children residing in their area.

## Migrant Education Program

### Director's message

Welcome to the Arizona Migrant Education Program!

The Arizona Migrant Education Program (MEP) is a state operated program which was reauthorized under the Every Student Succeeds Act (ESSA) Title I Part C.

This program provides services to students of Migratory Workers from the ages of three through twenty-one, and provides funding and support to Local Educational Agencies (LEAs). The LEAs are required to provide the structure, support, and scope of available services to Migratory students to ensure their achievement of higher academic standards and graduation from high school.

Agriculture in the State of Arizona is a 10.3 billion dollar industry. Our state is the winter lettuce capital of the world, producing ninety percent of the nation's leafy vegetables. We are ranked second nationally in the production of lemons, and third in tangerine production (Arizona Farm Bureau). There are over 10,000 children of Migratory Workers with educational needs in Arizona.

There are a wide range of services provided during and after school hours. For example: adult education, family outreach, in-home support services, language and cultural training, SLEA/SLEAM programs, Out-of-School Youth intervention, preschool programming, student leadership opportunities, summer and extended day programming.

Our primary focus is the identification and recruitment of Migratory students, and ensuring that its supplemental programs and advocacy align with the state's efforts to transition to the rigorous research based reforms set forth by the Arizona Department of Education.

On behalf of myself and the staff of the MEP, I would like to welcome you to the program! Please contact us if you have any questions, or if we can be of service.

Sincerely,

Mary Frances Haluska

The 'Categories' section lists links for Current MEP Updates, Memorandum Archive, Newsletter Archive, and SMPAC Archive.

**Federal Guidance**

**Program Description**

The goal of the Migrant Education Program is to ensure that all migrant students reach challenging academic standards and graduate with a high school diploma (or complete a GED) that prepares them for responsible citizenship, further learning, and productive employment.

Funds support high quality education programs for migratory children and help ensure that migratory children who move among the states are not penalized in any manner by disparities among states in curriculum, graduation requirements, or state academic content and student academic achievement standards.

The Service Delivery Plan Page under the Regulations Dropdown Menu in the Secondary Menu Bar has information about the current MEP Service Delivery Plan (SDP) and a downloadable copy of the plan in PDF Format.

The screenshot shows the Arizona Department of Education (ADE) website. The top navigation bar includes links for ADE, PROGRAM AREAS, TECHNOLOGY, FUNDING, and DATA. A secondary menu bar highlights the 'REGULATIONS' dropdown, which contains links for Federal Guidance, Resources, and the 'Service Delivery Plan' (highlighted in red). The main content area is titled 'Migrant Education Program' and features a 'Service Delivery Plan' section. This section includes a description of the SDP, a list of four stages of the continuous improvement cycle, and a 'Components' section with a link to the 'Service Delivery Plan' PDF.

**Service Delivery Plan**

► Migrant Education Program (MEP)

▼ Service Delivery Plan (SDP)

This Service Delivery Plan (SDP) is submitted in fulfillment of federal statutory and regulatory requirements set forth in Title I, Part C – Education of Migratory Children of the Elementary and Secondary Education Act. It is part of a continuous-improvement cycle of program-planning, implementation and evaluation (see the figure below). Each step builds on the previous step and informs the next.

There are four stages to the continuous improvement cycle:

- 1) a comprehensive needs assessment which captures the current needs of the Migratory students;
- 2) a service delivery plan is drawn up based on the needs identified in the first stage;
- 3) implementation of the program services needed to assist our students; and
- 4) a program evaluation to determine if the objectives of the services were met. The last stage informs the first stage for the next cycle.
